Small Group Bible Study Discussion

John 17

1. **Jesus prays for Himself, His disciples, and for all future believers.**

What does the content of His prayer reveal about His priorities—and how might that reshape the way you pray for yourself and others?

2. **Jesus speaks about glorifying the Father through obedience and completion of His work.**

In this season of life, what might “finishing the work” God has given you look like in your family, career, church, or community?

3. **Jesus prays for protection—not removal—from the world.**

Where do you feel tension between engaging culture and guarding your spiritual health, and how can you navigate that tension wisely?

4. **Jesus asks that His followers be sanctified by truth.**

What habits, voices, or influences most shape your thinking right now, and how can you more intentionally anchor your life in Scripture?

5. **Unity among believers is a major theme in this prayer.**

In what ways have pride, preference, hurt, or disagreement threatened unity in your relationships—and what step could you take toward reconciliation or humility?

6. **Jesus prays that believers would experience His love and share in His joy.**

How does knowing that Jesus personally prayed for you affect your confidence, identity, and perseverance in difficult seasons?
