## The Struggle with Selfishness

Brent Chapman

A hospital room reveals who you really are

We are all on the selfishness spectrum

When you see overt selfishness in an adult it is usually the result of one of two things – immaturity or pain

Selfish people often don't even know they are selfish

Paul calls us to:

1. In humility, value others above yourself
2. Look to the interests of others (ahead of your own)

## Discussion Questions

1. Have you made Jesus the center of your life? If not, why not?
2. In what areas do you struggle with selfishness?
3. In what ways this coming week can you live so that you are putting the interest of others first?
